

APPLICATION FOR AP COURSE

352 – AP Chemistry

Characteristics of a successful AP Chemistry student:

- AP Chemistry students are expected to have a strong interest in the sciences, possibly looking for a career in scientific, medical, pharmaceutical, or engineering fields.
- AP Chemistry students have strong analytical and problem solving skills. They should have demonstrated these abilities in their Chemistry 1 and mathematics courses.
- AP Chemistry students have a strong work ethic and an ability to work both independently and in lab groups.
- Additional lab time is sometimes scheduled before school. Students must be able to arrive at school early on those days.

Enrollment in any AP course in the fall of the new school year is always contingent on meeting the prerequisites listed in *Shamrock Studies* in June of the preceding school year.

Once course selections are completed (4/30), students may not change their AP course choices.

Freshman Courses:

Science: _____ Level: _____ Teacher: _____ Final Grade: _____

Math: _____ Level: _____ Teacher: _____ Final Grade: _____

Sophomore Courses:

Science: _____ Level: _____ Teacher: _____ Final (or current) Grade: _____
